

RON LOUIE MAGSIPOC

BACHELOR OF SCIENCE IN INFORMATION
TECHNOLOGY

38 Linaluz St. San Carlos, Binangonan, Rizal • 0993-453-4048
• ronlouiemagsipoc1@gmail.com

SUMMARY

Information Technology student with experience in web development using modern technologies and AI-assisted development tools. Skilled in creating and maintaining websites, with a strong interest in system administration, network management, and IT infrastructure. A fast learner and effective team collaborator who is eager to gain hands-on experience, develop technical expertise, and contribute to organizational success.

RELEVANT EXPERIENCE

Web Developer - Feasibility Study (Business Feasibility Web Application) East System Colleges of Rizal April-May, 2026

- Designed and developed a fully functional website to support the team's feasibility study presentation, receiving a grade of **1.75** in recognition of the project's quality
 - Collaborated with team members to gather requirements and translate them into a working web solution
 - Built a secure authentication system with OAuth integration, enabling seamless third-party login functionality
 - Implemented core features including user login, database management, and interactive forms
 - Leveraged AI-assisted development tools including Claude (Anthropic) and Anti-Gravity (Gemini) to accelerate development, debug code, and improve overall solution quality
 - Applied modern web development technologies including HTML5, CSS3, JavaScript, Tailwind CSS, PHP, and MySQL
 - Ensured the website met project objectives and was delivered on time for academic requirements
-
